

## NACOGDOCHES INDEPENDENT SCHOOL DISTRICT

### Technology Resources Acceptable Use Agreement

You are being given access to the District's technology resources, meaning electronic communication systems and electronic equipment.

With this educational opportunity comes responsibility. It is important that you read the applicable District policies, administrative regulations, and agreement form and contact the Director of Technology at (936) 569-5000 if you have questions. Inappropriate use of the District's technology resources may result in revocation or suspension of the privilege to use these resources, as well as other disciplinary or legal action, in accordance with District policies, administrative regulations, the Student Code of Conduct, the Employee Handbook, and applicable laws.

As a user of the District's technology resources, you will be able to access: an unlimited number of databases, libraries, and resources; the Internet and other electronic information systems/networks, which can be used to communicate with schools, colleges, organizations, and individuals around the world; and shared electronic equipment, which may have stored temporary Internet and electronic files of other users.

Please note that the Internet is a network of many types of communication and information networks. It is possible that you may run across areas of adult content and some material you or parents might find objectionable. While the District has taken precautions to restrict access to controversial information with the use of filtering/blocking software according to CIPA (Children's Internet Protection Act), it is not possible to absolutely prevent such access. It will be the user's responsibility to follow the rules for appropriate use.

The District makes no warranties of any kind, whether expressed or implied, for the service it is providing. The District will not be responsible for any damages related to your use of District technology resources, including, but not limited to, loss of data resulting from delay, nondelivery, misdelivery, or service interruption caused by the District's own negligence or user errors or omissions. Use of any information obtained via the Internet is at user's own risk. You specifically agree to reimburse the District for any losses, costs, or damages, including reasonable attorneys' fees incurred by the District and the system administrators relating to, or arising out of any breach of this agreement by you.

If you are being issued a District-owned technology device, you will be given additional instruction and/or materials addressing the proper use, care, and return of these devices.

A student must renew this Agreement each school year.
