

Welcome to Home Access Center!

Nacogdoches Independent School District is proud to release our new parent portal Home Access Center (HAC).

<https://eschool-hac.nacogdoches.k12.tx.us/homeaccess3.1>

NOTE: To create your account you **must** have an email account on file at your student's campus. If you have not provided a current email address please contact your student's home campus.

The web address along with instructions can also be found at www.nacisd.org. Please note that login information is specific to each student and parent. Passwords are case sensitive

The parent/guardian login will allow the parent to manage and view information related to all of your children. Each of your children will have his/her own separate login.

The parent/guardian and student login allows you to view address and phone information, attendance, report card. Additionally, parent/guardian or students in grades 6-12 will have the ability to view daily schedule. The kindergarten students use a competency based progress report, and assignment and assessment values will not be visible in the system.

The parent login allows you to create (K-12) attendance alerts, (6-12), and classwork alerts. The system will automatically generate an email when a threshold that has been defined by you has been reached. By setting an attendance alert, the parent will be notified for every attendance entry. Changing attendance from unexcused will happen within 48 hours of receiving a note from the parent or guardian.

The parent login also allows you to update your email address. All telephone and street address information must still be changed in the main office of your child's building.

When you access your student's grades, you will be able to check the demographic data we have on file. If there are any phone numbers, addresses, or other contact information that is listed incorrectly, please contact your student's building. It is extremely important that we have current emergency information on file for all students. Emergency information and phone numbers can be changed at any time during the school year.

If you do not have an email address on file; complete and return.

Name: _____

Email: _____

Student(s) name(s): _____
